

M'CULLOUGH DIES IN URBANA HOME

State Auditor for Sixteen Years Passes Away After a Long Illness.

FUNERAL TOMORROW AT 2

Members of All Political Parties Telegraph Condolences to Members of the Family.

Urbana, Ill., June 22.—James S. McCullough, for 16 years state auditor, died yesterday at his home in Urbana after a long illness. Stricken soon after he returned to the McCullough homestead after his long residence at Springfield, he had been dangerously ill for months.

Men of all parties wired condolences and prepared to attend the funeral, which will be held in Urbana Wednesday afternoon at 2 o'clock.

At the bedside were the widow and children, Mrs. Charles H. Myer of Glencoe, wife of the president of the Security bank of Chicago, and Leal L. McCullough of Urbana.

Is Longest Tenure.

When "Jim" McCullough returned to his old home after his defeat for reelection by James J. Brady in 1912 he had completed 16 years of service in the office, an unprecedented tenure in that position. His introduction to state politics came in 1896, after he had been county clerk of Champaign county for 24 years. Nominated by the republican party in 1896, he was easily elected to the auditorship, and was returned in 1900, 1904 and 1908, getting nomination and election with more or less ease.

Mr. McCullough was the special pride of the civil war veterans of Illinois, to whom his empty sleeve was a constant reminder that he had left an arm on the battlefield of Fort Bleakely, Ala., in the last battle of the civil war. They called him "Our Jim."

"Jim" had a firm grip on the voters, and while he was no speaker he was a campaigner with few equals.

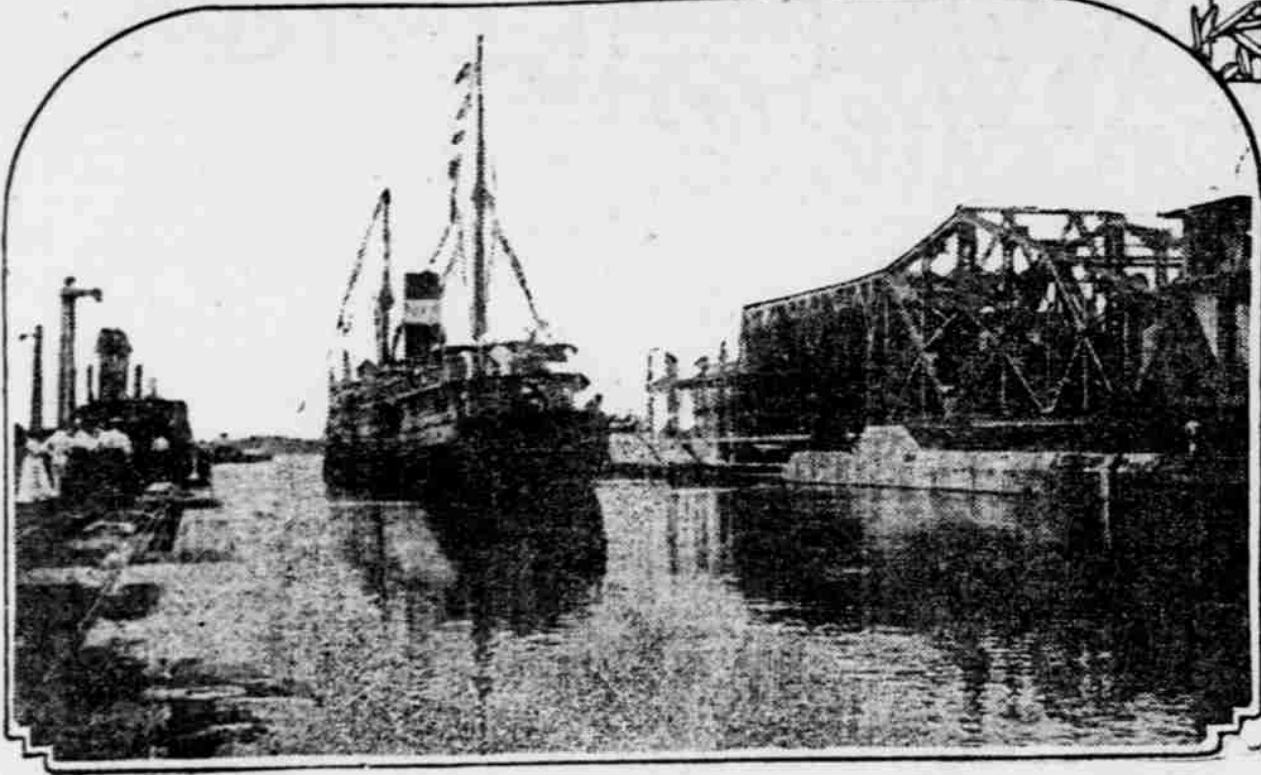

Sketch of Career.

Mr. McCullough was born in Mercersburg, Franklin county, Pa., May 4, 1845, and came to Champaign county in 1864. In 1862, when 19 years old, he enlisted in Company G, Seventy-sixth Illinois Volunteer Infantry, and served three years in the Mississippi, Gulf and Vicksburg campaigns.

His left arm was maimed by grape shot in the battle of Fort Bleakely, and amputation was necessary. He attended the soldiers' college at Fulton (or two years after) being mustered out and entered the county clerk's office in 1868. He was elected county clerk in 1873 and held the position until he became state auditor.

He was married to Miss Celinda Harvey in 1869.

THIS SCENE WILL SOON BE COMMONPLACE ON PANAMA CANAL

This picture, taken in Panama the other day, gives a splendid idea of what the canal looks like, and how ocean liners make their way through it. The vessel negotiated the Gatun locks in just 64 minutes.

DAY IN DAVENPORT

\$284 Raised for Fourth Program.—Arrangements have been practically completed for Davenport's Fourth of July celebration in Vander Veer and Fejervary parks. The program of games, folk dances, athletic events and daylight fireworks in both parks is now ready. It has been suggested to the Independence day committee by members of the park board that, inasmuch as the parks are for the use and enjoyment of the people of Davenport, that those who contemplate attending the festivities on the Fourth take their lunches along and make an all day affair of it. Last year there were about 600 entries for the athletic events in Vander Veer park. This year there will probably be more than a thousand entries for the two parks.

Hospital to Be Opened in July.—That the county public hospital will be opened ready for business soon after July 4 was the statement contained in a letter to the board of supervisors from R. C. Ficke, secretary of the board of trustees of the hospital.

Hubby Beat and Exiled His Wife.—Because he had choked, beaten and thrown his wife out of her home in Bettendorf, and was not sorry for it, Ferdinand Nemluw must face a charge of threatening to commit a public offense and appear before the grand jury at the fall term of court.

His bonds are \$500. Nemluw was tried before Justice D. J. China in Bettendorf, Waldo Becker, assistant county attorney, appearing against him. His wife had made the foregoing charges, and he complacently admitted them on the stand. He was sent to jail in default of bond.

E. E. Cook Will Be Filed.—Property comprising the old Cook homestead and the proceeds of \$5,000 life insurance is left to the wife in the will of the late E. E. Cook, filed for probate. The will was drawn May 2, 1877, and witnessed by J. Scott Richman, E. F. Richman and W. F. Wiedeman. A codicil to the will is dated 1879 and witnessed by Amandus Woerber and E. F. Richman. All the rest of the estate is left to the widow.

Will Ask \$300 of Supervisors.—Financial assistance of the board of supervisors in the extent of \$300 was petitioned for by the Scott County Farm Improvement league, the money to be used in experiments at the Orphans' Home farm. A like appropriation has been made for several years by the board for experimental work and since the formation of the farm league here the experiments have been under the supervision of that organization.

Breaks Hand in Testing Strength.—Will H. Schroeder, 1548½ West Third, elevator operator in the New Putnam building, broke his right hand in striking a punching bag strength tester at Suburban island.

Autoist Fined.—Norman Landauer was arraigned for violation of the traffic ordinance and was fined \$1 and costs. He drove his car past a street car which was at a standstill.

Narrow Escape Heavy Storm.—Returning from Crystal lake an automobile party of Davenporters had several narrow escapes from serious injury when several large trees were broken down over the road by the heavy storm. The party removed the trunks of five trees from the road and was delayed several hours in reaching home. In the party were John F. Dow of the Davenport Savings bank; Otto Hill, Henry True, Smith Blackman, Alphonse Bruning, Worrall Dow and Ray Lucht.

Two Local Banks Give Dividends.—Dividends were declared by two local banks, the German Savings and the Davenport Savings, the first declaring the regular 4 per cent quarterly dividend of \$24,000 on \$600,000 capital, and the Davenport Savings the regular quarterly dividend of 3 per cent, amounting to \$9,000 on \$300,000 capital.

Licensed to Wed.—Louis C. Faust and Minnie Uebe, Davenport; John J. Collins or Westerly, R. I., and Edith Feers of Davenport; Harry White of Chicago and Dorothy Hacker of Milwaukee; Raymond J. Schneider and Lena Snyder, both of Lyons.

Male Milliner Held by Police.—Mere man has invaded the local millinery field, according to the police, who placed Fred Davis under arrest after he had attempted to dispose of a choice creation at Front and Main. The hat offered for sale was a valuable panama, trimmed in black velvet and red roses; the entire outfit being worth some \$15 or \$20. Davis was unable to give the authorities a satisfactory explanation as to the manner in which he secured the hat, and is being held pending an investigation.

Breaks Arm When Falls From Tree.—Falling from a cherry tree yesterday morning on a farm on the Dubuque road, the 9-year-old son of John Bell, 1020 West Second street, broke his right arm at the wrist. The injured lad was brought home in an automobile and attended by Dr. J. S. Weber.

Convention Comes Here.—Carl Schmidt, representing the Crescent Cracker & Macaroni company of Davenport, has returned from Chicago, he attended the na-

tional convention of macaroni manufacturers. Mr. Schmidt made his presence felt in a most decided manner, inasmuch as he secured next year's convention for Davenport. This will be the second Tuesday in June. The Davenport convention promises to be a very important one and will assemble several hundred representative business men here.

Obituary Record.—Mrs. Elizabeth Koch, a resident of Davenport for the past 63 years, passed away at her home, 328 Third avenue. She had been ill two weeks. The deceased is the widow of the late Simon Koch. She was born in Davenport and has resided here all her life. Her maiden name was Elizabeth Harrison. Survivors are three sons, Will, Otto and Matthias, and one daughter, Miss Lillian, all of Davenport.

GEORGE ENGLISH WILL BE INCOME TAX SOLICITOR

Washington, D. C. June 23.—Senator Lewis announced today that one of the most important appointments in the government service had been given to George W. English of Centralia, formerly a member of the Illinois legislature from Vienna. Mr. Lewis said Secretary of the Treasury McAdoo has named Mr. English income tax solicitor with headquarters in Washington. Mr. English, as income tax solicitor, will have supervision of litigation instituted by the government to collect the tax on incomes to enforce the filing of proper returns of corporate and individual revenue, and to run down tax-dodgers. The salary of the position is \$5,000 a year. Mr. English is expected to take up his duties next month.

Rheumatism Relieved in a Few Hours.—N. B. Langley, Madison, Wis., says: "I was almost helpless with rheumatism for about five months. Had it in my neck so I could not turn my head, and all through my body. I tried three doctors and many remedies without any relief whatever until I procured Dr. Detchon's Relief for Rheumatism. In a few hours the pain was relieved and in three days the rheumatism was completely cured and I was at work. Sold by Otto Grotjan, 1501 Second avenue, Rock Island; Gust Schlegel & Son, 220 West Second street, Davenport.—(Adv.)

COULD NOT STAND ON FEET

Mrs. Baker So Weak—Could Not Do Her Work—Found Relief In Novel Way.

Adrian, Mich.—"I suffered terribly with female weakness and backache and got so weak that I could hardly do my work. When I washed my dishes I had to sit down and when I would sweep the floor I would get so weak that I would have to get a drink every few minutes, and before I did my dusting I would have to lie down. I got so poorly that my folks thought I was going into consumption. One day I found a piece of paper blowing around the yard and I picked it up and read it. It said 'Saved from the Grave,' and told what Lydia E. Pinkham's Vegetable Compound has done for women. I showed it to my husband and he said, 'Why don't you try it?' So I did, and after I had taken two bottles I felt better and I said to my husband, 'I don't need any more,' and he said 'You had better take it a little longer anyway.' So I took it for three months and got well and strong."—Mrs. ALONZO E. BAKER, 9 Tecumseh St., Adrian, Mich.

Not Well Enough to Work.—In these words is hidden the tragedy of many a woman, housekeeper or wage earner who supports herself and is often helping to support a family, on meagre wages. Whether in house, office, factory, shop, store or kitchen, woman should remember that there is one tried and true remedy for the ills to which all women are prone, and that is Lydia E. Pinkham's Vegetable Compound. It promotes that vigor which makes work easy. The Lydia E. Pinkham Medicine Co., Lynn, Mass.

AVERAGE HUMAN LIFE INCREASING

President American Association Points Service of Medicine to Civilization.

Atlantic City, N. J., June 23.—At the first general session of the 65th annual convention of the American Medical association here today Dr. Victor C. Vaughan was installed as president of the association, succeeding Dr. John A. Witherspoon of Nashville, Tenn. Dr. Vaughan made "The Service of Medicine to Civilization" the subject of his inaugural address.

"In the last century the average of human life has been increased by fifteen years and this increase could be duplicated in the next twenty years," he said, "if the facts we now possess were effectively employed."

"The further development of medicine, both curative and preventive, depends on scientific investigation. The public is the beneficiary and should in every way encourage medical research. The federal government and the states should sustain and promote scientific research. That government is the best which secures for its citizens the greatest freedom from disease, the highest degree of health and the longest life, and that people which most fully secures the enjoyment of these blessings will dominate the world."

"We boast of a great civilization, but this is justified only within limits. The historians of the future will have no difficulty in convincing his readers that those who lived at the beginning of the twentieth century were but slightly removed from barbarism, as he will tell that schools, saloons and houses of prostitution flourished in close proximity; that the capitalist worked his employees under conditions which precluded soundness of body; that the labor union man dynamited buildings; that whilst we sent missionaries to convert the Moslems and the Buddhist, ten thousand murders were committed annually in our midst, and that a large percentage of our mortality was due to preventable disease."

"In each state there should be a hygienic laboratory equipped with able men, supplied with facilities for the study of sanitary conditions and for the prosecution of scientific research. The hygienic laboratory at Washington should be developed into a great institution for research which would improve the conditions of life."

MILAN

F. M. Smet of Davenport visited Tuesday with his niece, Miss M. S. McLaughlin.

Thomas Lees of Coal Valley called on Mrs. A. P. Nelson Wednesday.

The L. E. D. club held their annual picnic at the Watch Tower Thursday afternoon. A number of the members were absent but a good time was enjoyed by all present.

Mrs. M. Wilson of Rural spent Wednesday with her daughter, Mrs. Harry Lischer.

Mrs. D. Rathbun and daughter, Ruth of Bowling are visiting this week with Mrs. M. Rathbun.

Miss M. E. McLaughlin entertained

A New Word — not in the Dictionary, Yet

It is one thing to invent a new word—it is quite another thing, and of vastly more importance to mankind to invent a perfectly sanitary, dust-proof, leak-proof flour sack—a sack whose sanitary merits must revolutionize the entire flour milling industry.

Zephyr Sanisac is without doubt the longest step in the direction of pure foods ever taken by any miller of flour—the chief article of food, and the one food product which, up to the present, has never been protected in an absolutely sanitary container.

Zephyr Sanisac positively protects

foods from dust and dirt. This means that no matter where you buy Zephyr flour it will be absolutely pure and wholesome—that nothing can enter the sack to contaminate the contents.

Buy a sack today and you will never again take chances with flour in the ordinary cloth sack.

The Bowersock Mills, Lawrence, Kansas.

OWL CIGAR 5¢

"What's this we hear about the hand-made Owl?"

"Let's invest 5c and find out!"

BEST & RUSSELL CO., CHICAGO, ILL.

Short Jaunts for Little Money in Glacier National Park

I want to send you a folder about this wonderful region. I want every family in the country to realize that it is possible, without great expense, to go to the American Alps and spend a few delightful weeks there, trout fishing and taking little trips on foot or in automobiles or on horseback or by boat, which cost only from \$1 to \$5 per day.

When people fully understand what this country offers them in Glacier National Park of Montana, many more hotels and picturesque chalets will have to be built there to accommodate visitors. I tell you the combination of high mountains, great chasms, mysterious glaciers, those moving rivers of solid ice, and with all, the health giving climate, the wonderful invigorating air, is a gracious gift that is being offered by nature to all those who will take the trouble to inquire and find out if a trip to Glacier National Park is a possible thing for them.

Let me give you complete information, and give you a copy of the Glacier Park folder, a map of the park and some other interesting illustrated booklets, and tell you about the luxurious "Oriental Limited"—and Great Northern Express—the only trains that run through to Glacier National Park.

Miss D. Oden, Passenger agent. Telephone R. 680.

TRY IT! SAYS SAGE TEA DARKENS AND BEAUTIFIES FADED, GRAY HAIR

Mixed With Sulphur Makes Hair Soft and Luxuriant and Removes Dandruff.

The old-time mixture of Sage Tea and Sulphur for darkening gray, streaked and faded hair is coming in vogue again, says a well-known downtown druggist. It was our grandmother's treatment and hundreds of women and men too, are again using it to keep their hair a good, even color which is quite sensible, as we are living in an age when a youthful appearance is of the greatest advantage.

Nowadays, though, we don't have the troublesome task of gathering the sage and the mussy mixing at home. All drug stores sell the ready-to-use product called "Wyeth's Sage and Sul-

phur Hair Remedy" for about 50 cents a bottle. It is the most popular because nobody can discover it has been applied. Simply dampen a soft brush or sponge with "Wyeth's Sage and Sulphur" and draw this through your hair, taking one small strand at a time. Do this tonight, and by morning the gray hair disappears and after another application it is restored to its natural color.

What delights the ladies with Wyeth's Sage and Sulphur is that besides beautifully darkening the hair they say it produces that soft lustre and appearance of abundance which is so attractive; besides prevents dandruff, itching scalp and falling hair. Here, your gray-haired folks, get busy! Look years younger.
